

Baldwin County School District REMIND Alert System

In the Baldwin County School District, we take pride in the relationships established between the school system and our families. This year, we are implementing a new text alert system called 'REMIND' that will keep parents and students up to date with events taking place in our schools. 'REMIND' makes it quick and easy to instantly notify families of events and news through a text message or email. 'REMIND' is free and will help further establish connections between the school system and our families. 'REMIND' keeps all phone numbers private and stores all past conversations, ensuring that system is safe for students to use.

To sign up for reminders for the Baldwin County School District, text @baldwinco to 81010 or to receive messages via email, send an email to baldwinco@mail.remind.com.
